GREEN: A café by morning and a French Baserie the rest of the day. GREEN is a sleek spot to grab a drink or a few simple dishes. Sitting beside one of Asia's largest vertical gardens designed by world-famous botanist, Patrick Blanc, GREEN is an easy breathing space in the midst of a buzzing city.

The Market: Inspired by Hong Kong's iconic wet market, The Market has a reputation as an international food hall with open kitchens serving top-quality Asian and international delicacies. It is also fabulously famous by the dessert spread if you're looking to satisfy an insatiable sweet tooth.

Above & Beyond Restaurant: Take in the stunning views of the Hong Kong skyline from the 28th floor Chinese fine-dining restaurant. Enjoy exquisitely prepared dim sum and seasonal Cantonese cuisine together with wines from the private collection.
